A hard-hitting emotionally charged 60 min documentary by Bill Maloney (Award winning independent film director) who's family were all brought up in the UK care system.

It covers Maloney's visit and interpretation of Jersey, Channel Islands, following the ongoing child abuse investigations of the children's care home 'Haut de la Garenne'. It highlights connections with the Sea Cadets and children being brought from London care homes for 'sailing holidays' on the Island. The documentary contains strong language and strong opinions.

Due to his and his family's experiences of Establishment care homes Maloney felt compelled to see first hand the response of Islanders to the alleged abuse claims and their general feeling for the Governing States. A mixed response of silence, anger and insensitivity is catalogued from this island of geographical beauty with an ugly underbelly. The film includes mainstream news reports with Jeremy Paxman, Stuart Syvret, Lenny Harper, Esther Rantzen and Frank Walker.

It is the opinion of Bill Maloney that if a child was required - Haut de la Garenne was the venue; if an adult was required - St Saviours Mental Hospital was the venue.

JERSEY IS NOT PART OF THE UK, IT IS OWNED BY THE CROWN. .

With your help we can raise the awareness of the consequences of abuse by individuals, corporates, and the 'Establishment' and confront those in power who deny justice. Therefore we encourage viewers to share this documentary.

Over the years pienmashfilms have been approached, helped and then (in many cases) almost sabotaged by individuals and groups who presented themselves as supporters and soldiers of the truth who have, for whatever reasons, tried their utmost to silence Bill Maloney. He has been called an actor, a liar, a shill (amongst other things) but this has not swayed him from continuing his fight for the ultimate truth to be exposed about institutional child abuse in the UK care system. It is a sad fact that many of those who have tried to silence him have been either trying to use the platform of child abuse to raise their own profiles, have 'sadly' psychological or mental issues, or who are simply evil. Over the years Bill Maloney has interviewed many victims and survivors, some who have transpired to be fantasists who would mix fact and fiction. Hundreds of hours of film footage of various individuals such as these were never released by pienmashfilms but others who were involved in production have been privy to footage and some have even published footage that they had no permission for. This has lead to a barrage of abuse hurled back at Bill Maloney and his treasured and very valued supporters.

FINALLY, WE MUST EMPHASISE THAT PEODOPHILES AND THEIR PROTECTORS CONTINUE TO PERSISTENTLY ATTACK THOSE WHO EXPOSE THE SAD TRUTH ABOUT CHILD ABUSE. THEREFORE COMMENTS BELOW WILL BE PERIODICALLY REMOVED FROM THESE INDIVIDUALS.

'God bless all victims and survivors'. Bill Maloney

What pisses me off more is how people turn a blind eye to it and not want to get involved, if it was your own kids then you'd get involved. All kids are innocent and need defending no matter who they are...

It is disgusting just how selfish people can be when they say "yeah, but it happens everywhere".

I have lived in Jersey my whole life (I'm 14) and only just now am I finding out about all of the secrets. Before today I had never heard anything bad that has happened here, and now I have read, seen and heard about all of these horrible scandals after a day of researching. The media in jersey really do know how to cover things up.

that guy at 15:00 is in on it GUARANTEED. "There are many places like this around the world, we're just unlucky" while smiling. Think about that statement. He's saying we're unlucky for being caught.
